

PUZZLE ITC
changing IT for the better

Backstage Workshop

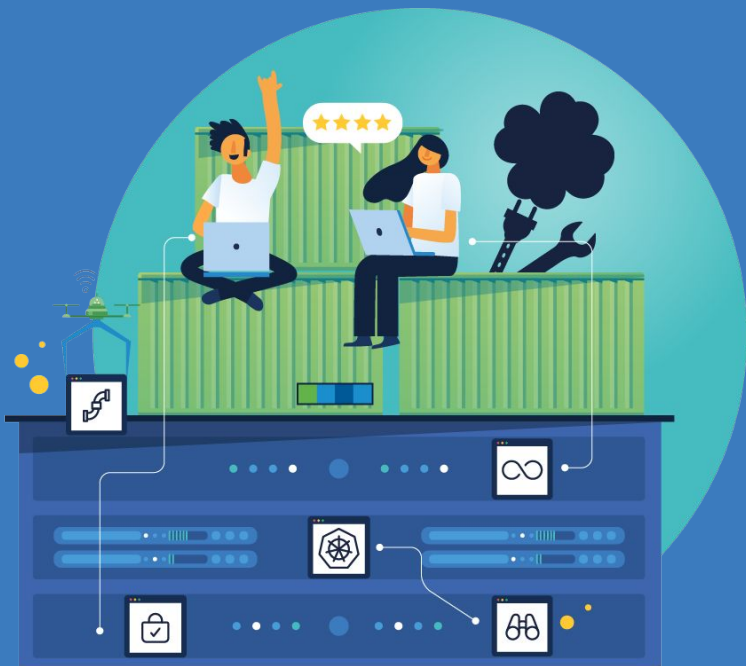

Christoph Raaflaub
raaflaub@puzzle.ch

Agenda

- Introduction
- Platform Engineering
- Developer Portal
- Backstage
 - Architecture
 - Plugin Framework
 - System Model
- Hands-on

Platform Engineering

Wrap Up

Adoption is the key!

How do I build a platform?

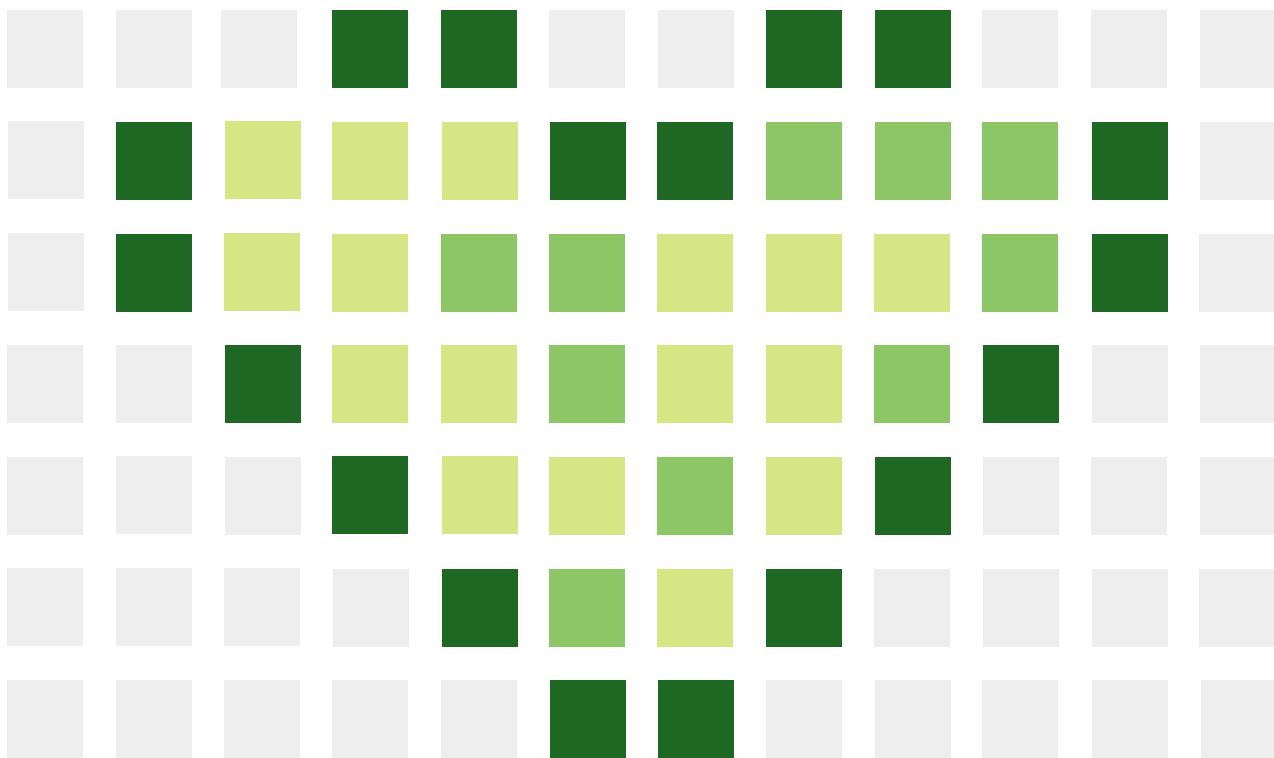

Easy, we know how to run Infrastructure and Kubernetes.

How do I build a platform / portal that my developers will use and love?

Hard -> Measure it!

- Adoption and Impact
- Usability
- [Platform Engineering Maturity Model](#)

We contribute
